Notes:

"Unit Dimension" always refers to outside frame to frame dimension.

"Rough Opening" dimensions may need to be increased to allow for use of building wraps, flashing, sill panning, brackets, fasteners or other items.

Dimensions in parentheses are in millimeters.

* Units are shipped knocked down and require field assembly because of size and weight.

Date: 1/17/17

Scale: 1/8" (3) = 1' (305)
